

Beware of Ointments for Catarrh That Contain Mercury
as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

EDUCATIONAL DAY.

The educational interests of Western North Carolina will receive the greatest impetus in the history of the school work of this section on the opening day of the Western North Carolina Fair at Asheville, October 7.

The management of the Fair association is planning for a parade of approximately 10,000 school children on "Educational Day," the first of the four days' annual exhibition.

The secretary of the association is enlisting the co-operation of the superintendents of city and county schools in the twenty two counties of Western North Carolina with the view to having a good representation of school children from each section in the parade and exercises of the day, when an inspiring address will be made by some prominent speaker who is interested in the cause of education.

An attractive premium list has been prepared for the Educational Department of the Fair and handsome cash prizes will be awarded on a large class of exhibits to be made by school children from the city and rural districts.

All phases of education and conservation which can be successfully demonstrated at the Western North Carolina Fair will be given most careful attention.

School children will be admitted to the Fair without charge on that day, provided an exhibit entered by them, their school, or family, identifies them with the movement.

In keeping with the policy of promoting educational advancement, several scholarships in the leading educational institution of North Carolina will be given to ambitious boys and girls who enter the scholarship contest to be conducted in August and September.

The following colleges have listed scholarships with the Fair association for distribution: Asheville School for Girls, Christ School, Cullohee Normal and Industrial Institute, Davidson College, Elon College, Mars Hill College, Normal and Collegiate Institute of Asheville, Saint Genevieve's College of Asheville, State College of Agriculture and Mechanic Arts' State Normal and Industrial College, State University, Trinity College, Weaverville College of Weaverville, Asheville Business College and the Emanuel Business College of Asheville.

Here is an excellent breathing exercise that should be indulged in at least twice a day. Stand before an open window, or better, in the open air, and raise the arms above the head, stretching up as far as possible. Take a long deep breath while doing so and without bending the knees, grasp the ankles. Then straighten and repeat the operation say ten times at each performance.
